

App. No. 10/707,728

**REMARKS - General**

Based on Examiner's comments in the Office Action, Claim 20 is allowable, as should the three new independent Claims based on Claim 20.

Also applicants have rewritten all claims to define the invention more particularly and distinctly so as to overcome the technical rejections and define the invention patentably over the prior art.

**Conclusion**

For all of the above reasons, applicant submits that the specification and claims are now in proper form, and that the claims all define patentably over prior art. Therefore the applicant submits that this application is now in condition for allowance, which action is respectfully solicited.

Respectfully submitted,
